Instructions

- 1. Contract Price (1), and Contractors Estimated Cost at Time of Bid (2) should include approved change orders only, and in original estimated costs, the costs applicable thereto. Exclude claims and disputed items. If desired, an explanation of these items may be attached.
- 2. All projects should be listed, Bonded, non-bonded lump sum and cost plus.
- 3. Total Billed to Date (3), Total Payments Received to Date (4) and Total Costs to Date (6) should be entered as of the same date and should be consistent with their treatment on the financial statement.
- 4. Revised Estimated Remaining Costs to Complete (7), should be a revised figure reflecting developments which have occurred subsequent to bid date, causing a change in total costs (or cost per unit), if any, not merely a subtraction exercise. After approximately 50% completion, it is imperative that a re-evaluation of costs be made. In the early stages of a project, a re-evaluation of costs may be difficult and perhaps impractical.
- 5. If concurrent financial statements are not provided please complete Appendix A attached.
